

PRO-LIQUID RUST OUT®

Pro-Liquid Rust Out is an easy way to remove rust and iron stains. The spray dissolves the rust, which is then easily removed with water. It is effective even on the toughest stains, but is much safer than traditional liquid rust removers. Pro-Liquid Rust Out easily cleans rust from tubs, sinks, tile, toilets, brick, stone, concrete, siding, etc. It is also a safe, effective way to remove stains from white and colorfast clothing and carpet.

Applications

Interior/Exterior Surfaces: Spray directly onto surface, and allow to set for 30 seconds.

Rinse promptly and thoroughly with water. Repeat for heavy deposits.

Fabric: Spray directly onto stain. Rinse with cool water promptly and thoroughly. Launder as usual. Note: for colored fabric, first test in an inconspicuous area for suitability and colorfastness.

Features and Benefits

- A fast, easy way to remove rust and iron stains on interior and exterior surfaces.
- Will not harm white or colored bowls, or plumbing, and is safe for use on clothing and carpets.
- Convenient spray formula is thick enough to cling to vertical surfaces, allowing it to work longer.
- Formulated with mild acids and non-abrasive chemicals that change rust into a clear soluble state that easily rinses away without scrubbing.

Technical Information

Pro-Liquid Rust Out comes as a liquid in a convenient spray bottle. Not for use in water treatment equipment.

Formulation

Ammonium Bifluoride – CAS# 1341-49-7

Storage and Handling

Store in a cool, dry area, away from reactive materials. Read relevant Material Safety Data Sheet before handling this product.

Shipping Information

Dot classification: ORM-D. Package meets all DOT requirements.
